MAPSS

The mission of The Minority Association for Pre-Medical and Science Students at NYU is to serve as a informational and resource hub for, but not exclusive to, minority students interested in pursuing a career in the STEM Professions. More importantly, MAPSS is dedicated to provide a community for students that are underrepresented in careers that include medicine, the allied health professions as well as research. MAPSS aims provide a space where students from minority groups can learn, network, and exchange information from each other, but also from distinguished speakers, faculty, and alumni.

Medical Dialogue Review

The Medical Dialogue Review is a peer-reviewed, healthcare-oriented journal which seeks to bridge conventional boundaries between diverse disciplines and achieve a novel understanding of medicine and humanity. Every semester, students participate in this undertaking through written artistic, and editorial contributions, which are then synthesized into a color-print journal. We have worked with an incredible array of budding artists, leaders, entrepreneurs, humanitarians, researchers, policy makers, and visionaries and hope you will partake in our dialogue this Fall!

Naturopathic Medicine for Global Health Student Chapter at NYU

Support Naturopathic Medicine for Global Health's global health initiative to provide sustainable healthcare and capacity building within developing countries through the promotion of Naturopathic Medicine as a feasible and cost effective means of healthcare in developing nations, with a focus on maternal and children's health.

NYU Psychological Association

NYUPA is a CAS club with open membership designated for students interested in psychology and/or CAMS. The club will strive to connect more students within the major/minor, explore psychology outside of the classroom (research opportunities, information about careers and tests for graduate school), attend related events, as well as host events for other students in CAS. It encourages students to use their psychology degree to pursue careers in medicine, clinical psychology/psychology doctoral studies, social work, business, law, and more.

Operation Dreamcatchers

The mission of Operation Dreamcatchers is to be a leading and charitable not-for-profit organization that promotes awareness in healthcare worldwide. They collect monetary donations to alleviate medical disparities by purchasing medical supplies for underprivileged charitable institutions in underdeveloped countries abroad. All monetary donations collected will be used to purchase the needed medical supplies, which will be sent to the intended charitable institution where visiting members of Operation Dreamcatchers will ensure that the medical supplies are properly received by beneficiaries. In fulfilling their mission, they hope to encourage leadership, character, service, and charity.

Peer Health Exchange

Our mission is to provide teenagers with the knowledge and skills they need to make healthy decisions. We do this by training college volunteers to teach a comprehensive health curriculum to freshmen in public high schools throughout New York City.

Phi Delta Epsilon

Phi Delta Epsilon International Medical Fraternity creates physicians of integrity with a life-long commitment to our guiding principles of philanthropy, deity, and education through fellowship, service, mentoring, and formal training in leadership, science, and ethics.
