your TA will assign 20% of your grade based on recitation, attendance and participation.

Papers are to be typed, double-spaced, printed on only one side of a page, pages numbered, stapled. You must put the name of your TA on your paper. Papers will be marked for content, accuracy, grammar, spelling, punctuation, diction, style and neatness. You may request one of us for a reader on a paper, but you may not do this constantly. Each of us will want to read at least one of your papers. Dates when papers will be due will be announced in class or sections. The final two papers will be due on the date which the final exam (there will be none) is scheduled.
